sides, tops, bases and shelves in Kyoto Walnut colour with front ABS edges, backs in Cyclamen.

Cream carcass:

sides with exterior and interior in Cream; tops, bases, backs and shelves Cream with ABS front edges.

Antique Blue Oak carcass:

sides with Blue Oak exterior and interior in Cream; tops, bases, backs and shelves Cream with ABS front edges.

Absolute White Oak carcass:

exterior in an open pore White finish, interior in White with ABS front edges.

Antique Yellow Oak carcass:

sides with Yellow Oak exterior and interior in Cream; tops, bases, backs and shelves Cream with ABS front edges.

Dark Oak Carcass:

sides with Dark brown Oak exterior and interior in Cream; tops, bases, backs and shelves Cream with ABS front edges.

Antique Natural Oak carcass:

sides with Natural Oak exterior and interior in Cream; tops, bases, backs and shelves Cream with ABS front edges.

Red Oak Carcass:

sides with Red Oak exterior and interior in Cream; tops, bases, backs and shelves Cream with ABS front edges.

Antique Green Oak carcass:

sides with Green Oak exterior and interior in Cream; tops, bases, backs and shelves Cream with ABS front edges.

Front Panels (Cherry version)

PANEL DOOR WITH FRAME

Frame and central panel in solid Cherry in a semi-matt finish, maximum thickness 21 mm.

ENGLISH-STYLE GLASS DOOR WITH FRAME

Frame and crosspiece in solid Cherry in a semi-matt finish, maximum thickness 21 mm.

Front Panels (Ash version)

PANEL DOOR WITH FRAME

Frame and central panel in solid Ash in a White finish, maximum thickness 21 mm.

ENGLISH-STYLE GLASS DOOR WITH FRAME

Frame and crosspiece in solid Ash in a White finish, maximum thickness 21 mm.

Front Panels (Oak version)

PANEL DOOR WITH FRAME

Frame and central panel in solid Oak in a matt open-pore finish, maximum thickness 21 mm.

ENGLISH-STYLE GLASS DOOR WITH FRAME

Frame and crosspiece in solid Oak in a White finish, maximum thickness 21 mm.

Front Panels (Matt Lacquered version)

FLAT MATT LACQUERED DOOR

Frame in solid Lime and central panel in MDF lacquered in the colours of White, Beige, Red, Green and Black, maximum thickness 21 mm.

The exterior and interior surfaces are developed using two coats of matt polyurethane finish.

Available with Gold and Silver decoration.

ENGLISH-STYLE GLASS DOOR WITH FRAME MATT LACQUER VERSION

Frame and crosspiece in solid Lime lacquered in the colours of White, Beige, Red, Green and Black, maximum thickness 21 mm.

The exterior and interior surfaces are developed using two coats of matt polyurethane finish.

Available with Gold and Silver decoration.

GLASS FOR DOOR

4 mm thick tempered glass sheet.

VARNISHING COMPONENTS

Matt lacquered framed door:

- polyurethane primer
- sanding
- coloured matt polyurethane
- transparent acrylic primer
- gold/silver decoration where envisaged
- sanding and gold/silver finishing
- transparent finish

Wooden framed doors

- coloured acrylic primer
- solvent-based coat (with Gold or Silver decoration where envisaged)
- sanding
- matt acrylic
- transparent acrylic finish for Honey Oak, Blue Oak, Ivory Oak and Natural Oak

Drawers and baskets

DRAWERS

Sides in solid Beech; base in Beech melamine, 16 mm thick; back in multi-layer Birch.

On hideaway Steel runners, calibrated to withstand high dynamic loads (50 Kg). Locking system to prevent accidental release.

Vertical adjustment of drawer and horizontal adjustment of front.

Blumotion closure system.

Drawer depth 50 cm.

PULL-OUT BASKETS

Sides in solid Beech; base in Beech melamine, 16 mm thick; back in multi-layer Birch.

Mini side railings in anodised Aluminium profile. On hideaway Steel runners, calibrated to withstand high dynamic loads (50 Kg). Locking system to prevent accidental release.

Vertical adjustment of drawer and horizontal adjustment of front. Blumotion closure system.

Pull-out baskets d. 50 cm on all base units and d. 45 cm for sink base units.

Tables and chairs

BALTIMORA TABLE

FACING PANELS

Wood particle board with low formaldehyde content (class E1), in a Cherry veneer in an Aurora Cherry stain; Ash in a White Ash stain and Oak stained in the colours of Walnut, Antique Walnut, Kyoto Walnut, Antique Blue Oak, Absolute White Oak, Antique Yellow Oak, Honey Oak, Dark Brown Oak, Antique Natural Oak, Antique Cream Oak, Red Oak, Antique Green Oak. Ivory Oak with Gold or Silver decoration and Sky Blue Oak with Gold or Silver decoration.
Exterior framing in solid Cherry, Ash and Oak wood, available in the colours of the model versions. Available in MDF lacquered in the colours of White, Beige, Red, Green and Black.

Components for units

BASKETS FOR UNIT

In chrome-finish metal wire.

HINGES

In Steel with galvanised Copper and Nickel parts.

PLATE RACKS

Aluminium and PVC frame with Stainless Steel racks.

WALL BRACKETS

Plastic frame, adjustable hook in galvanised Steel and nickel-plated Steel cover.

FEET

In hard-wearing plastic; height of feet can be adjusted.

SINK UNIT BOTTOMS

In embossed Aluminium.

KNOBS

Code 19701 in white porcelain with Gold colour ring nut

Code 19702 in white porcelain with Silver colour ring nut

Code 19708 in metal alloy in a Pewter finish

Code 19709 in metal alloy in a Bronze finish

HANDLES

Code 19710 in metal alloy in a Pewter finish

Code 19711 in metal alloy in a Bronze finish

Code 19712 in metal alloy in a Bronze finish

FORMALDEHYDE EMISSIONS

The wood-based panels used by Scavolini S.p.A. comply with the requirements of the Italian Ministerial Decree of 10/10/2008 "Regulations governing formaldehyde emissions from wood-based panels and products manufactured with the same in the home and other environments".
